

Authentic outdoor saunas, delivered whole.

Modern wet-dry saunas built with true craftsmanship, honest materials,
and the heat of real Finnish tradition.

MoraSauna
CRAFTED FOR STILLNESS

A return to quiet ritual.

For centuries, the sauna has been a place to stop - to sit with heat, with breath, with one's own thoughts.

MoraSauna exists to make that ritual accessible. We build one sauna and we build it well: a single thoughtful model, made from honest materials, delivered ready to use.

No flatpack instructions.

No half-finished weekends.

Just a sauna, placed in your landscape, waiting.

Delivered whole. Ready to use.

Built for performance. Finished for comfort.

MoraSauna
CRAFTED FOR STILLNESS

High R-value insulation

Built to retain heat and improve efficiency.

Specialized vapor barrier

Designed to manage humidity and support healthy steam.

Natural untreated interior

Warm, honest materials for a healthier experience.

Cedar selected by application

Various cedar types chosen for comfort, durability, and beauty.

Comfort-sanded benches

Carefully finished for a smooth, relaxing feel.

Every detail is considered. Every material has a purpose. Crafted to elevate the ritual of sauna-day after day.

Designed to belong.

Placed in your landscape, waiting.

MoraSauna is made to feel at home outdoors — quiet in form, honest in material, and lasting in purpose. Built for authentic heat and everyday ritual, it brings together refined craftsmanship, thoughtful construction, and delivery-ready simplicity in one enduring outdoor sauna experience.

We work directly with Finlandia — trusted for authentic Finnish sauna heating for over sixty years — to ensure the experience is true from the inside out.

For exterior beauty and protection, MoraSauna is finished with Benjamin Moore Woodlux® Collection Exterior Stain — chosen to highlight the natural character of the wood while helping it endure beautifully outdoors.
